

Your Goals

2

- I. Two things you hope to get out of this workshop.
- One thing about your own teaching practice that you think other people would find useful.
- 3. What do you most want to learn tomorrow?

C BY-SA RStudi

To wrap up, let's take a few moments to reflect on the day.

- 1. What were the two things you hoped to get out of the workshop when we started this morning? Did we cover them?
- 2. What is one thing in your current teaching practice that you think other people would find useful?
- 3. Finally, what do you most want to learn tomorrow?

And finally, let's take a moment to re-introduce tomorrow's instructors and give them each a couple of minutes to explain what shape tomorrow will take.
